CREAM presents FERRY CORSTEN: TWICE IN A BLUE MOON: THE EXPERIENCE

*Supported by **GIUSEPPE OTTAVIANI** and local guests*

Cream, the UK's longest running and seminal club brand finally hits Australia this September with the announcement of a partnership between itself and Ferry Corsten to launch his first ever concert entitled: "Twice In A Blue Moon (TIABM) : The Experience". The full concert will take place in Sydney and Melbourne, with a TIABM club sow scheduled for Brisbane.

The concert is based on the release of his third artist album Twice In A Blue Moon (TIABM) which includes dance floor destroyers **Radio Crash**, **Made of Love** (featuring Betsie Larkin) and current chart topping single **We Belong**. Since its release, it is already one of the most highly acclaimed dance albums of this year by many critics and fans.

"The uplifting energetic, and captivating album once again reinstates Ferry's status as an architect, pioneer, and instigator of trance music." (Mixmag, February 2009)

"Reaching the heights of his seminal debut, this album heralds the return of the king. Trance is in safe hands. In Ferry We Trust" (Inthemix.com.au, January 2009)

TIABM: The Experience will showcase Ferry Corsten's first live performance as a DJ/Producer, the stunning performance of singer **Betsie Larkin**, spectacular show elements as well as an unprecedented visual experience worthy of one of the best Producer/DJs in the world.

The concert was first launched in May 2009 at Malacca, Malaysia and has since then rocked thousands of clubbers worldwide from as far as Canada to Scotland. Be there to witness the experience as Ferry Corsten launches his concert dates in Sydney and Melbourne, **Australia this coming September.**

Supporting Cream and Ferry Corsten's show will be Italy's **GIUSEPPE OTTAVIANI live.** Italy's Giuseppe Ottaviani is no stranger to Australia. **Signed to Paul van Dyk's VANDIT label** and one half of the now defunct NU NRG outfit, Giuseppe returns to present his new live show showcasing **his new album "GO!"**. His twisted rhythms and euphoric melodies make him one of the most sought after live acts in the genre.

Finally after years and years, Cream and Ferry Corsten make their way to Oz! With endless possibilities, the relationship comprising of 4 dance music heavyweights Cream UK, Hardware (Totem) Australia, Onelove Australia and superstar DJ/Producer Ferry Corsten, brings with it new ideas and an experience like no other showcasing leading world dance music and production.

Richie McNeill (Managing Director, Hardware/Totem) says of the Cream Oz partnership and Ferry Corsten's TIABM : The Experience

"I've always been a massive fan of Cream. From their involvement with legendary label Deconstruction to catapulting UK careers for acts like K-Klass, Dave Clarke and even Kylie Minogue, the club has survived almost 20 years of dance music. A true testament to the quality of what they do. Festival wise in the late 80s early 90s there was 3 festivals that helped shape the future for the UK: and they are Glastonbury, Tribal Gathering and Creamfields. It's an exciting time to be bringing the Cream Experience to Australia. Ferry Corsten is truly a pioneer among the DJ/Producers in the trance scene genre. He has influenced most trance artists to date through his music that he has produced entirely himself over the years. He has touched the hearts of many with his infectious music and we are well and truly excited to be a part of this amazing show What a fantastic combination bringing the UK, Holland and Australia together."

James Barton (CEO, Cream) says of the Cream Oz partnership and Ferry Corsten's TIABM : The Experience

"Cream has staged events across the globe over the last 15 years, and after a 6 year hiatus we're excited to be returning to Oz for these very special events. I am even more excited to partner with Ferry Corsten to bring this to Australia. Australia is one of the worlds most musically savvy territories and we're truly amazed by the amount of Aussies that travel to our shows here in the UK, so it seemed only fitting to take the Cream experience to them and with Ferry's amazing show on display, it will make for a truly magical experience!"

Frank Cotela (Managing Director, Onelove) says of the Cream Oz partnership and Ferry Corsten's TIABM : The Experience

"From its beginnings in Liverpool in the UK, Cream has become one of the most influential and creative clubs of the past two decades. Cream's innovations in design and style have been the inspiration for many clubs the world over. Now for the first time, the full Cream experience comes to Australia. This will be a unique party opportunity as Totem and Onelove present the true Cream experience in Australia."
