DJ Falcon (FRA) returns to the world's best crowds for Australian tour 16-30 April 2010

DJ Falcon (FRA) believes that Australian crowds are one of the best in the world, so it's no wonder why he's returning down under for a massive Australian tour! He is no stranger to our clubs, known for his energy packed sets from start to finish.

Falcon (a.k.a Stephane Queme) is the man behind hits like So Much Love To Give and Together, co-produced with Thomas Bangalter (Daft Punk) and signed on the French record label Roulé. His sets are inspired by a touch of electro, old skool, house classics, indie dance and new rave.

He has played all over the world at the most prestigious clubs, from Pacha & Privilege Ibiza, Fabric London, Rex Paris, Cocoon Frankfurt, Womb Tokyo, Miami WMC and has numerous times toured Australia and US.

With an impressive set up and sounds that live up to it, he produces spine-tingling dirty house beats throughout clubs. Falcon's last Australian tour was an overwhelming success, with sell out events, so don't miss your chance to see him this time round!
